Personal Profile

A dedicated and detail-oriented Computer Science graduate with hands-on experience in digital transformation and a passion for cybersecurity. Currently pursuing CompTIA Security+ certification, with a strong foundation in IT security principles, vulnerability assessment, and cryptography. Eager to apply analytical skills and problem-solving abilities to safeguard systems, data, and cryptographic assets as a SOC Analyst. Known for excellent communication skills, a collaborative mindset, and a continuous drive to stay ahead of emerging cybersecurity trends.

Core Competencies

- Communication: Excellent written and verbal skills for policy updates, reports, and stakeholder engagement
- Digital Transformation: Change management, stakeholder communication, project planning
- Cybersecurity Certification: CompTIA Security+
- Detail-oriented with a proactive approach to problem-solving
- Excellent time management and ability to manage multiple tasks in a fast-paced environment

Professional History

Pharmanovia
